Attitude Rocks™

Congratulations on taking an important step to improving your life!

Your attitude weaves the pattern of your destiny. It is altogether in your own hands....

For the next 21 days, start and end every day in a positive way with this rock; each time you touch it have an 'attitude of gratitude' and think of three things that you're thankful for. With your uplifting thoughts you will begin to bring more blessings and success into your life.

Keep this rock with you for 21 days. If you notice yourself thinking a negative thought or experiencing a problem, hold your rock and focus on three things that you're grateful for; you will improve your attitude, change your thoughts, and create a happier life for yourself.

Appreciation and a positive attitude are the way to bring more into your life. The possibilities are limitless.

Above is the message that's on the inside of the card which comes with each Attitude Rocks™ product your customer buys; below is a sample of the **free** personalized Certificate of Happiness each of your customers can receive after purchasing an Attitude Rocks™ engraved product!
